

# primTRAIN

*A COST network for ABM & training of laboratory non-human primates & large laboratory animals*

Positive Reinforcement Training and Animal Behaviour Management are essential when working with large animals in biomedical research (in particular with non-human primates).

The COST Action “primTRAIN” provides a network for personnel working with non-human primates and other large laboratory animals to facilitate the competence and skills needed to successfully apply Positive Reinforcement Training and Animal Behaviour Management.

For **more information** on “primTRAIN” please visit  
[http://www.cost.eu/COST\\_Actions/ca/CA15131](http://www.cost.eu/COST_Actions/ca/CA15131)  
We will soon present an Action Homepage

If you are interested in **joining** “primTRAIN” please contact
